Village Seeks Bids on Revised Plans for New Fire Department House

Present Building to Shelter New Truck Until New Station Built

The village board set 8 p. m. Jan. 14 as the date for the opening of bids for the construction of the new fire department building. Elimination of the less necessary parts of the building is expected to reduce the cost.

The new plans were conveyed to the board Tuesday night and wheels were set in motion at once to advertise and obtain the bids.

Clarence Shultis, secretary of the fire department, asked that the board have the present barn examined to ascertain whether the flooring is strong enough to bear the new truck. Shultis said the firemen thought that the new truck might be squeezed in the south half as a means of temporary shelter until the new station is erected. The board will ask George Bellock to make the examination and such repairs as needed.

The board ordered conversion of the rest of the department's bonds to pay for the truck. It is expected that the truck will be delivered within the next 30 or 60 days.

Santa Scheduled to Be In Antioch Saturday at 9:30 a. m. with a Band

Christmas Parade Will Stop At Reeves Drug Store In Wis.-Ill. Bus

There's excitement in the air and a Christmas parade on the way. Yes, Santa Claus himself is coming to our town. All the youngsters they or all, will want to be out to meet Santa December 6. Santa will have a band of hill-billy entertainers to clown and make music for the older folk while he dives into his busload of goodies and gifts for the kiddies.

Santa has left his reindeer at the north pole while he makes this first trip round the world gathering his Christmas letters from boys and girls. He's using the new and modern way of transportation. . . bus service. Santa is scheduled to leave Chicago at 8 a. m. December 6, in his own special Northern Limited Coach, he and his party of entertainers will follow directly behind the Wis.-Ill. bus, that big red and cream bus that makes regular round trips daily between Chicago and Fond du Lac, Wisconsin. Not only will Santa and his rube band of entertainers attract widespread attention, but undoubtedly the bus that Santa rides in will also come in for its share of inspection. . . Because it's a very special bus, it's the same deluxe luxury coach that Northern Limited had especially designed and built to carry such theatrical and radio celebrities as Wayne King and his stars who just returned from a coast-to-coast concert tour. . . travelling by bus all the way.

Santa and his clowning helpers with their load of free goodies and gifts, will arrive in Antioch at about 9:30 o'clock, making their brief headquarters at Reeves Drug store where the Wis.-Ill bus company have their ticket headquarters. Be sure to meet Santa, and get your share of gifts and fun. Don't be late.

Furnace Fire Causes Fire Call At Channel Lake This Morning

A fire in the furnace at the Herman Hess residence, Channel Lake, was responsible for a call to the Antioch fire department this morning at 11 o'clock. The fire was caused by an accumulation of dust in the air chamber of the furnace which had caught fire, filling the house with smoke. The members of the department quickly extinguished the fire and no damage was done.

Christmas Vacation To Start December 23 at Grade School

Annual Christmas vacation at Antioch grade school will begin on Tuesday, December 23, according to Principal Richard Whitacre. Tuesday afternoon will be devoted to Christmas programs in the various grades, and school will be closed at the conclusion of the programs. School children will report back for school on Monday morning, January 5.

Fire Causes \$600 Damage to Wagner Garage on Monday

Fire damage of \$600 was caused Monday morning when a fire of unknown origin was discovered in the George Wagner garage at Victoria and Harden streets at 10:30 a. m.

It is believed that the fire may have started from a faulty garbage burner although the fire was on the inside of the building; while the garbage burner is several feet away from the building on the outside. Most of the damage was to windows and side walls of the building. The roof which was covered with fireproof shingles was undamaged. A considerable part of the loss was accounted for by screen and other tools stored in the garage.

The Antioch fire department extinguished the blaze quickly, thus minimizing the damage.

Village Board Contracts With Chicago Firm for Building Sewage Plant

Petitions I. C. C. For Grade Crossing over Soo Line To Gravel Pit

The Village board Tuesday evening voted to execute the contract for the construction of the improvement of the sewage treatment plant to the Andrew P. Rebori Construction Co., of Chicago, on its bid of \$34,975.

President George Bartlett and Clerk L. D. Powles were authorized to sign the contract at once. The Chicago firm is expected to start work at the earliest opportunity. It will be expected to furnish bond.

Representatives of the White-Phillips Co., bond house, were here last week checking the legality of the procedure and found everything in order.

President Bartlett was unable to be present Tuesday evening as was Trustee Cunningham. Trustee Walter Scott presided.

The board authorized the signing of a petition which will be taken before the Illinois Commerce commission asking that a grade crossing at Ida ave., or lot 10 of the Charlie R. Thorn addition be established on the Soo line right of way.

The petition sets forth that the village needs speedy access to its gravel pit for use as a garbage disposal and states that it expects to develop the ground near the gravel pit for recreation.

The contract and petition will be handled by village attorney, George McGaughey.

Lake Villa Bests Antioch Graders 25 to 22 Tuesday

Antioch Lightweights Win To Tune of 22 to 13 in Twin Bill

The Antioch Grade school basketball team went down to defeat last Tuesday evening when they met Lake Villa at the Antioch High school gymnasium floor. The Antioch basketball team held their own with a larger, stronger Lake Villa team until the last two minutes of play when a free throw and a hoop scored from the floor put the locals three points behind when the final gun went off.

The Antioch second team gave a good account of itself by gaining partial revenge for the defeat by putting the Lake Villa lightweights in the shade 22 to 13.

The Grade school team will meet a team from Fox Lake grade school on the local high school floor on next Tuesday, Dec. 9, at seven o'clock. Only one game will be played, the Fox Lake school having but one team.

V. F. W. Auxiliary Play "Lena Rivers" Is Well Attended

"Lena Rivers", a home-talent play produced by the V. F. W. Auxiliary last Friday and Saturday evenings was well attended, despite snow and ice, and a number of other attractions which were scheduled for the same dates. Members of the committee were well pleased by the response of local residents and persons who helped to make it a success.

A dinner for those who helped and those who took part in the Folk Dance show for Downey Veterans will be held on December 19th, which is also the first anniversary of the founding of the Auxiliary unit.

Founder of Lions Club To Be Among Official Guests of Antioch Club

New Officers to be Elected In Meeting Monday at Pregenzer's

Secretary General Melvin Jones, of Chicago, founder of the Lions Club, will be guest speaker Monday evening of the Antioch Lions club at its meeting at Pregenzer's resort.

A duck dinner will be served at 7 p. m. after which a business session will include the election of officers. Officers of the Lions clubs of Dist. 1-F which includes nine clubs of the vicinity will be guests.

Roman Vos, president, said that the program will be interesting and snappy. It will include a report on past activities of the club by Harry Krueger.

Dr. D. N. Deering is program chairman and he was assisted in the procurement of the speaker by Loren Sexauer.

Melvin Jones, founder and leader

of the International Association of Lions Clubs, was born at Fort Thomas, Arizona, January 13, 1880, where his father was a scout in the government service guarding supply trains and giving such protection as was possible to scattered settlers. His boyhood was spent in the thrilling setting of Indian raids, counter pursuits, and long journeys with emigrant trains.

At the age of twenty he went to Chicago to study law and voice. He joined a number of musical societies and was a member of the Apollo Club, and for years was in great demand as a tenor. Attracted by the insurance field, he presently decided against law as a career and entered the office of Johnson and Higgins, insurance brokers, and then he launched into business for himself as the Melvin Jones Insurance Agency.

He joined other business and professional men in organizing the Business Circle of Chicago, and was chosen Secretary of that group. As early as 1914 he began sending out letters to various independent clubs all over the country, asking them to consider uniting and forming an association. However, it was not until June 7, 1917, after much correspondence, (continued on page 5)

Hallwas, Fisher Lead Scoring in Men's Major Bowling League 185 Av.

Turkeys were the prizes last week in the various bowling leagues and the birds graced a number of Antioch tables on Thanksgiving as the results. Upsets that were more than bowling pins resulted in the Men's major league. The three bottom teams stole the show.

Antioch Lumber and Coal took three games from the second-place, Lee's Appliance, Al Fischer hitting 624 and 603 for Kinrade. Nielson's won two from third-place Bussie's. George Keulman hit 554 for the winners and B. Keulman 535 for the losers.

Snow White melted like a snowball, losing two games to the Kids, Gus and Betty's. Ray Quadenfeld hit 549 for the Kids and Ed Carney 593 for Snow White.

Business Men's League Individual three games high series was reached for the year to date by C. Weber of Lake Co. Sheet Metal Works while his team mates dug three games out of the Schneider Bros. Excavators. C. Weber, 201-225 221-647, for the Metal workers, while B. Schneider was high with 578 for the Excavators.

Lake Villa Electric plucked three games from the Weber Duck pluckers with E. Langbein sparking the Electric with 542, and L. Armstrong rolled 524 for the Webers. Louie and Ed insured second place in the church dining rooms Wednesday. (Continued on Page 8)

MASONIC ELECTION HELD TUES. NIGHT

Luster Badger was elected worshipful master at an election held by Sequoit Lodge, A. F. & A. M., Tuesday evening at the Masonic temple. Other officers elected at the meeting are George Good, senior warden; Adrian Vanderkloot, junior warden; Ed Strang, treasurer; Elmer Kufalk, secretary; Wendell Nelson, senior deacon; Harold Nelson, Junior deacon; Ira Simons, Tyler.

Appointments are senior steward, Paul Howard; Junior steward John Blackman; Marshal, John Gaa.

A public installation of the above officers will be held on December 10.

Vandals Damage Parking Meters

Vandals have damaged at least 10 of Antioch's parking meters making necessary expensive repairs, Trustee Arthur Rosenfeldt told the village board Tuesday evening.

"It appears in most instances as though someone had put great pressure on the glass, breaking it in and in some instances breaking off the violation indicator. Handles also are twisted off," he said.

Conviction for such an act of vandalism calls for a fine of \$100 as provided in the parking meter ordinance itself.

Trustee Dalgaard said that he had heard many complaints of injudicious application of the parking meter law, especially on Saturday nights from visitors. Confusion takes place because the meters are not used other nights and on Sundays and holidays.

Members of the board agreed that the police should not give a ticket where the motorist appears on the scene at the moment and is willing to deposit the necessary coin.

"It isn't the fines we are after, it is the proper use of the parking space," Trustee Rosenfeldt insisted. The income is running about \$100 a month from the meters alone, but the chief advantage now is the ability to find a place to park.

The board asked motorists not to park on the streets between 4 and 6:30 a. m. so that employees will have opportunity to clean away snow. They said that if there is no co-operation on this point an ordinance forbidding all-night parking will be necessary. This has been done in other cities.

Grant, Warren, Victims of Antioch in Basketball, Bensenville, Ela Next

Second Team Undeatable in Four Starts—Games Here Friday

In a rough and poorly played game Antioch High repeated its earlier victory over Warren in basketball here Tuesday afternoon 32-25.

The lower classmen continued their winning streak by swamping Warren 41 to 13.

The varsity got off to a poor start and at the quarter was trailing 4 to 7. They not only held Warren scoreless in the second quarter but scored 13 points and retained the lead the rest of the game.

Their playing was not as good as at Grant a week ago yesterday when in a close battle they nosed out a victory 36 to 35. That too, was a rough game, a total of 35 personal fouls being called, 20 of them on Grant.

The game was even until the first part of the last quarter when the Sequoits forged ahead. Grant threatened in the last few minutes but wasn't quite able to manage a victory. The Paposes annexed their third victory easily 38 to 23.

Antioch will play Bensenville here tomorrow evening and Ela township at Lake Zurich Saturday night. Bensenville has a strong team and Coach Krizan hopes that his boys will resume the type of play they already have shown themselves capable of to gain their victory. Ela Township has not shown a great deal of opposition so far this year and is not living up to its reputation of last year when it became conference leader.

Coach Paynic, knowing that he has a good team, having used substitutes Tuesday, merely smiled and made no comment on the next two games.

Mrs. Fred Oschmann served as installing officer of Maple chapter No. 90, Order of Eastern Star, 6700 South Wentworth Ave., Chicago, Tuesday evening.

The Antioch Wesley circles held installation of officers and their annual luncheon and Christmas party in the church dining rooms Wednesday.

Roy L. Murrie Offers Resignation as Clerk Owing to Poor Health

The resignation of Roy L. Murrie as clerk of the village board was received by the board Tuesday evening but was merely filed for later acceptance.

Murrie said that his recovery from paralysis has not been as rapid as he expected and asked that he be relieved from his duties as of Dec. 1 so that a successor might prepare for the new year.

Because several projects started under his service have not been completed, the board decided to delay acceptance until the legal aspects are out of the way.

L. D. Powles has been serving as assistant clerk and probably will continue until such a time as one is chosen through election.

It was with deep feeling that the members of the board heard the resignation read. They were aware of Mr. Murrie's sincere desire to be relieved of the office, yet they desired his return because of his excellent service over a number of years.

Three Local Men Are Called for Dec. Grand Jury

Of great interest here is the fact that three local men have been called to serve on the December grand jury, the jury which will have a special prosecutor on Monday, when the jury convenes, in a special investigation of gambling conditions in Lake county. The men are Walter Forbrich, Jack Wolff and John Yopp.

They will hear Okel S. Fuqua, a former assistant states attorney, who has been appointed by Judge Dady as special prosecutor, for the investigation. Fuqua is Dady's second choice, L. Erick Carey, city judge at Zion and—president of the Lake County Bar association having been named first. Carey, however, refused the appointment, and Fuqua was then named by Dady.

The probe has been fostered by a Democratic Chicago newspaper, in a campaign which is mainly political, a move calculated to increase circulation in the county. Some action by reformers along the north shore has also been responsible, although more than two months time were required to get enough signatures on a petition to have it recognized by Judge Dady. The first time it was presented it carried about 600 names, which in the opinion of Dady was an insufficient number to justify the costs of an investigation.

Fuqua will go before the Lake County board of supervisors on Friday to ask for funds with which to conduct the investigation.

Chas. Sibley Is Injured In Auto Crash Wednesday

Chas. Sibley of north Main street, Antioch, was slightly injured yesterday when his car got out of control on Grass Lake road after he had swerved to avoid striking another car. He received some bad cuts about the head and a possible fracture of several ribs. The accident occurred at about 11:30 a. m.

Sibley was driving west when the accident happened and swerved to the right to avoid striking another motorist who was coming east. His car went into the ditch and was overturned, doing considerable damage to the Jordan sedan which he was driving. The identity of the driver of the other car was not ascertained.

The Antioch rescue squad was called to the scene and gave emergency first aid to the injured man after which he was returned to his home.

Local Leader Training School Held Last Monday

"Home Beauty Treatments for the Busy Homemaker" was the subject discussed by Mrs. Louise Balzer at a local leader training school held at the Home Bureau office, Grayslake, Monday afternoon, Dec. 1, from 1:00 to 4:00 p. m.

Local leaders attended from the 20 units in the county. They will give this lesson at the December unit meetings. In addition, the units will have a lesson on Christmas stories and poems a part of their Christmas Party. All homemakers are invited to attend their local unit meeting.

Merchants Ready For Christmas in Supplies of Goods

Village Will Be Decorated For Holiday Season Next Week

Antioch merchants already have their Christmas window displays and their special stocks on hand and all that remains to give the village that holiday atmosphere is the street decoration.

The village board Tuesday evening voted to have the colored lights and other decorations put up by the Wilton Electric Co., and the eagle at the honor roll board is to be repainted.

The stocks of the Antioch stores are more complete now than at any time since before the outbreak of World War II. The wartime materials of a substitute nature are gone and the more substantial and better quality goods have returned.

It is probable that Christmas trees will be delivered to retailers next week.

The snow and zero weather of last weekend ushered in a Christmas touch almost before Thanksgiving got out of the way. The temperatures were among the coldest since 1929 for November.

Temperatures modified Monday and returned to above freezing points.

Three Channel Lake Youths Arrested For Burglary Sept. 21.

Donald Omar, 19; George Heath; and Kenneth Knackstead, 18, all of Channel Lake were arrested last week on a charge of burglarizing the Curnes filling station at route 21 and 173, last September 21.

The fact that Omar, the leader of the gang, was nabbed on a lead that he was disposing of some of the loot at Park Ridge, was responsible for the arrest of the other two.

Omar is still in county jail awaiting a hearing before Judge Reardon, but the other two are out on bail.

Entry into the service station was gained through a rear window, and about \$35 in currency and a quantity of cigarettes were taken. An attempt to link the boys with the burglary of the S. R. Vogt cottage at Gifford's Fair Oaks where two antique rifles were taken has failed thus far.

Antioch Future Farmer Receives \$500 for Steer

Russell Myers, a graduate of The Antioch Township High school class of 1947, entered his project Aberdeen Angus steer at the Chicago International Livestock Exposition. In the preliminary judging on Thursday and Friday of last week, Russell's animal was eliminated for being too heavy for its age. The seventeen month old steer weighed 1250 lbs. In the auction sale on Saturday a top of 40 cents per lb. was paid. Russell's steer sold for 39½ cents and brought the neat sum of \$494.75.

This calf was Reserve Champion at the Future Farmer Fair at Elgin last August.

Russell is the son of Mr. and Mrs. Arthur Myers, of Hobby Hill Farm, Route 45.

Lions Obtain Special Meeting of Board to Discuss Night Police

A special meeting of the village board has been set for next Wednesday evening when it will discuss a proposal for an all-night police patrol service with a committee from the Lions club.

The request for additional police has been made on previous occasions and one was added for a short time recently.

Lack of money to hire a night patrolman has been the greatest problem of the board, some members said Tuesday evening.

Whether a patrolman would be of value without a two-way radio system was also doubted.

The board is willing, however, to listen to any feasible plan.

Thanksgiving Day dinner guests of Mrs. Alma Harden were her mother, Mrs. Sine Laursen, Mr. and Mrs. Glen Fox and daughter, Lynn and Mr. and Mrs. William Gray and children.

Mr. and Mrs. Earl Elfers and family are planning on leaving Dec. 5, for El Segundo, Calif., and Mexico City for a few weeks vacation.

British Elections

The recent British municipal elections, in which the Conservative party made startling gains and the Labor party suffered equally startling losses, may indicate a sharp change in the attitude of the rank and file of English people toward the principles of socialism. The Labor government cannot blame this reverse on the austerity program—Mr. Churchill and the other opposition leaders have said time and time again that austerity is necessary to the economic salvation of Britain, and so it has not been a major political issue. It is much more likely to suppose that legions of British voters have come to the conclusion that socialism has failed to live up to the claims made for it, that socialism is sapping the resources and energies of the nation at an alarming rate, and that, under a government which puts the attainment of a complete socialist state before any other consideration, the sacrifices of austerity are in vain.

If that is becoming the British point of view, it is built solidly upon logic. Britain has socialized her vital coal industry—and production is much less than under private ownership, and there has been no noticeable change in worker dissension. She has socialized the Bank of England and other instruments of domestic and international finance—ad her economic position worsens daily. She is threatening to socialize electric power and other basic enterprises—and this has caused widespread fear and uncertainty which have contributed to her economic doldrums. The Labor government has created an enormous, self-seeking bureaucracy which has strangled English enterprise in red tape and mountains of regulations, and it has been guilty of monumental failures in the administration of British affairs at home and abroad.

If, as the municipal elections indicate, a substantial proportion of the British people are weary of socialism and regimentation, it is a splendid object lesson for this country. Free enterprise, whatever its faults may be, is the only system yet devised which permits maximum economic development of a nation and still assures the liberties of the people. That is one fact we must not forget.

Let 'Er Burn!

The attitude of the Americas people toward fire seems to be, "Let 'er burn!" That is the only way our record fire waste can be explained. This year we will burn some \$600,000,000

worth of property—and 10,000 or more lives will be lost. And, if the rate of increases continues, we will reach the billion-year point in a comparatively short time.

This record is a national disgrace. Fire waste involves far more than the destruction of dollar values. It means the loss of irreplaceable resources—the loss of jobs—the loss of taxable assets—the loss of business opportunity—the loss of food, machinery and other supplies which the whole world needs.

Private and governmental authorities are now carrying on the most aggressive campaign to conquer destructive fire in history. It began last May, when President Truman called a national fire prevention conference in Washington. An all-inclusive program was laid down then, and it is being followed. But any program is doomed to failure unless it is given a full measure of public support. The experts can't lead you around by the hand and force you to make your property safe. They can only advise and instruct. Then, it is up to you.

"As Lenin said, 'It is necessary . . . to use any ruse, cunning, unlawful method, evasion, and concealment of the truth' to win the struggle for power, in which the end justifies the means. And it is only nine years ago that Hitler was denouncing as warmongers all those, beginning with Churchill, who opposed his conquest or 'meddled' in the affairs of nations he was trying to subjugate. No doubt, like Hitler, the Soviet dictators likewise need the bogey of foreign enemies to drive their people to greater efforts than their police state can generate by force alone. But the parallelism between the methods of the Kremlin and Hitler is too ominous to be overlooked."—The New York Times.

The Low Down From Hickory Grove

In our paper it says that over in Colorado a railroad there is paying its first dividend since 1911. Sisters and brothers, that is 36 years that Mr. and Mrs. Stockholder, who put up the dinero to build the road, have gone without food—unless they had some other kind of savings to fall back on.

And in the meanwhile, the railroad has opened up the country—made jobs for all kinds of people, including the trainmen. And the trainmen have picked up their paycheck every 2 weeks versus no check or income for 36 years for Mr. and Mrs. Stockholder. And right now, the trainmen are clamoring again for even more pay.

What is the moral to your poppin' off, says Henry—if there is a moral. A good question, I says. And the answer is, "If the time ever comes when there are no stockholders in the first place, there will be no jobs at all, to speak of, in the second place." Also, I says, it is time to give Mr. and Mrs. Stockholder—in little companies or big companies—a pleasant glance or pat on the back versus glaring at them, like it has been the style here and there.

About forty relatives attended a birthday party Saturday night at Mr. and Mrs. Lyle Ehlert in honor of Dean and Dwayne Ehlert.

Mr. and Mrs. Charles Pella, of Burlington, Mr. and Mrs. William Feigel, of Park Ridge, spent Sunday with the Pells.

Mr. and Mrs. Ervin Rasch and family, Mr. R. J. Austin, Mr. and Mrs. Elmer Rasch and family spent Thanksgiving with Mrs. L. E. Sweet at Richmond.

Mr. and Mrs. Joe Rausch and family spent Thanksgiving with Mr. and Mrs. Charles Freeman at Twin Lakes. Mr. and Mrs. Winn Peterson, Merlin Peterson, of Madison, spent Thanksgiving at Kenosha with Mr. and Mrs. Anthony Sebens.

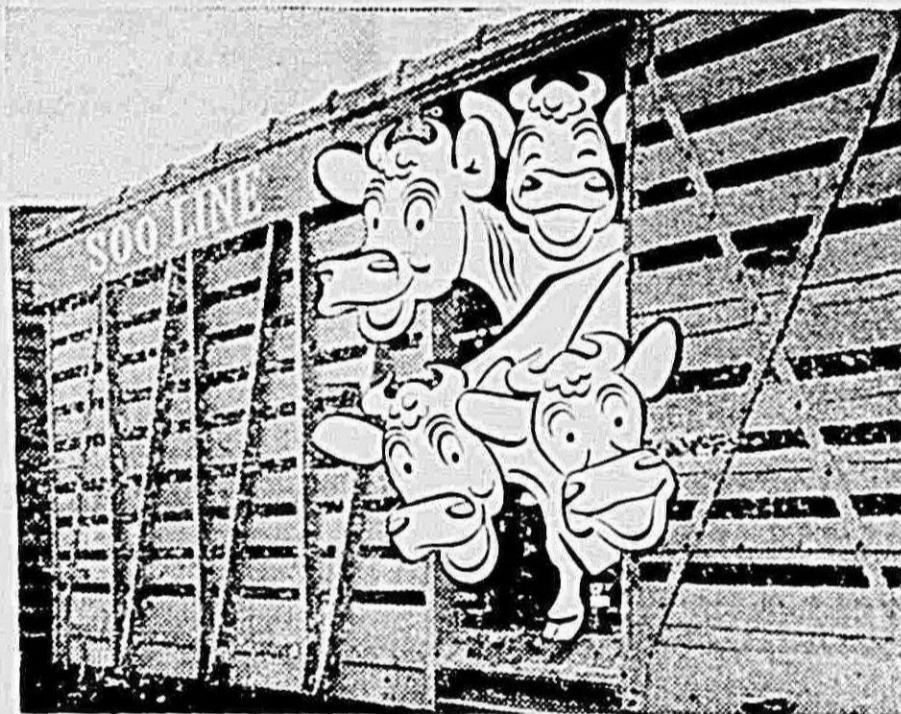

Lillie Emma Darby, 61, died at the Condell Memorial hospital, Libertyville at 6:00 a. m. Sunday following an illness of more than two years.

She was born at Wilmot on March 30, 1886, the daughter of Dr. and Mrs. H. Darby and received her grade and high school education in the Wilmot schools. In 1905 she was Salutatorian and was the first of a class of seven members to die.

Miss Darby taught at the Camp Lake and Wilmot Graded school and then entered the American Conservatory of Music at Chicago. After her graduation she continued her education in music at the Northwestern University department of music. Her last fifteen years of teaching were spent as Supervisor of Music in the Klamath Falls, Oregon public schools. She was very successful in her work and was widely known in musical circles in the west. She is survived by two brothers, Raymond J. of Winnetka, and Earl M. of St. Petersburg, Fla., and two sisters Edith B. of La Grande, Oregon and Mrs. Bert Doolittle, of Antioch, Ill., with whom she made her home since her illness. She was preceded in death by her

sister, Charlotte, Mrs. Walter Harrison, late of Ringwood, Ill.

To Re-Size Rugs

Machine-made pile rugs often lose shape or wrinkle and curl because the sizing on the back is worn off. Stretch the rug face side down, tight and smooth on some flat surface where it can remain until dry. Tack firmly. Make the size solution: Dissolve 1/2 pound flake glue and 1/2 gallon water in double boiler. Sprinkle or paint lightly on back of rug. Allow to dry 24 hours. Take care not to put so much glue on that it soaks through to the right side.

Sold Buffalo Meat

The famous Western scout and Indian fighter earned the picturesque nickname of "Buffalo Bill" as a result of the contract of William F. Cody to supply buffalo meat to construction forces engaged in building the Union Pacific railroad.

TREVOR, WISCONSIN

SHORT STORY

The Dog and His Master

By FERN AUBLE

THE dog stood motionless, soft brown eyes riveted on the small figure lying face down. Sobs racked the thin young shoulders as the boy's clenched fist pounded the hard earth.

Slowly, the dog moved toward the boy until he stood over him. Tentatively then, he nuzzled the youngster gently.

Thad Lacey lay motionless for a moment and then, slowly, almost fearfully, he rolled his head to one side and stared up at the dog standing over him. For a space, time stood still as boy and dog took each other's measure. Then, the dog lowered his head and with a flick of his tongue on the boy's tear-stained cheek, lay down on the ground beside him, his nose buried between his forepaws.

Thad raised himself on one elbow and stretched out a grubby brown hand.

"Aw, gee," he breathed softly. "Gee, where'd you come from, boy?"

Thad's fingers gently fondled the silky ears. "You're just about the most handsomest dog I ever seen." Only a hint of the storm of tears lingered.

Then in a floodtide of remembrance, his eyes filled once more and he rubbed his knuckles into them angrily. His voice roughened as he said, "Spot wasn't nearly as pretty as you, but I loved him anyway. Old man Benton needn't have shot him. Spot never hurt his old sheep. Spot never hurt nuthin' less it was rabbits or 'possums or varmints of some such kind."

3 Minute Flotion

A TWIG snapped in the underbrush. Thad jumped to his feet and the dog rose quickly, a low, warning note deep in his throat.

The man's quick eye noted the tear-streaked face and then dropped to the clenched hands. "Hi, sonny," he said in a friendly voice. "Don't think I've seen you around here before, have I?"

"Guess not, Mister. Dad and me just moved here a couple of months ago. And Spot," he added forlornly. "Spot? He your dog?" The man's voice was pleasantly interested.

Thad's head came up and he made no effort to hide the heartache in his eyes as he said with a shaking, indrawn breath, "Uh-huh. He was my dog. Old man Benton shot him yesterday. Said Spot was runnin' his sheep. Chin not quite under control, he continued, "Spot never run nuthin' but varmints. I trained him myself an' I know." He stared defiantly at the man who gazed back at him with troubled eyes.

"That's too bad, son. I'm sorry you lost your dog. Mr. Benton was probably too hasty, but there've been a number of sheep killed around here lately and the farmers are pretty touchy."

"I know, but Spot didn't hurt his old sheep none. Not ever."

Slowly the dog moved toward the boy until he stood over him.

THE man was silent for a moment, watching the boy fondle the hound. I've never seen Bucky with such an idiotically happy look about him, he thought.

Suddenly, he made his decision and looking hard at the boy said, "Look here, son. You've lost your dog through a mistaken notion on the part of Mr. Benton. It looks like you and Bucky there understand each other pretty well."

"You take Bucky for your own dog. A boy needs a dog and all dogs need a boy for their master. You and Bucky belong together."

He stopped, smiling at the light in Thad's gray eyes and before he could repent of his offer, turned on his heel and started rapidly across the field.

Thad looked after him wordlessly. He sprang to his feet and raced after the man, Bucky loping at his heels.

"Hey, mister!" Thad's voice reached the man as he walked with downbent head. He stopped and turned slowly.

"Hey, what's your name, mister? I never seen you before neither."

There was a note of apology in the man's voice. "My name's Lawrence Benton." Not waiting for a reply he turned and strode on.

SOCIETY EVENTS

Mabel Lou Hunter and William Dow United in Marriage

Miss Mabel Lou Hunter, daughter of Mr. and Mrs. Elmer Hunter, 338 Harden st., and William Paul Dow, son of Mrs. William Dow, Hickory Corners, took their marriage vows at 7:30 p. m. Saturday before 400 guests at the First Methodist church.

The double ring ceremony was performed by the Rev. G. Richard Tuttle at an altar beautified by two large baskets of chrysanthemums flanked by candelabra.

The bride wore white satin and lace with the long veil fastened with a pearl coronet and trailing the length of the gown. She carried white chrysanthemums.

She entered the church with her father and was given in marriage by him. As they approached the altar, the organ by Hans Von Holwede sang "O Promise Me," and "I Love You Truly."

The candles were lighted by Kennedy Heuer and Wayne Webb.

The maid of honor, Miss Mildred Dow, sister of the bridegroom, wore a green velvet and carried white and yellow mums. The twin sisters of the bride, the Misses Jane and June Hunter, were bridesmaids and wore fuchsia velvet and carried white and fuchsia mums.

Sandra Lee Schulz, daughter of Mr. and Mrs. Norman Schulz, was flower girl and carried a basket of mixed mums. Leonard Roblin served as best man and Don Bratrude and Richard Kaufman as ushers. They were in formal attire as was the bridegroom.

Mrs. Hunter, mother of the bride, wore green with a corsage of yellow roses. Mrs. Dow, the bridegroom's mother, wore brown and her corsage likewise was yellow roses.

Following the ceremony the bridal party formed a reception line and then went to the Hunter home where a reception for 150 guests was given.

Mr. and Mrs. Dow went to Mammoth Cave on their wedding trip and on their return will make their home in an apartment at his mother's residence.

They are graduates of the Antioch Township High school. Mrs. Dow having studied at Knox college and then taken a position in the Antioch postoffice. Mr. Dow, an ex-service man is employed at the Bowman dairy at Round Lake.

Betty Jean McDougall Outstanding 4-H Member Entertained in Chicago

Betty Jean McDougall, of Antioch, was one of eight Lake County 4-H club "State Outstanding Members," who were guests Tuesday evening of the Illinois Agricultural association at a banquet served at the Morrison hotel in Chicago. She was the only one from the northern part of the county present.

Miss McDougall, a member of the Antioch Aces, was one of four county 4-H club members who were guests yesterday at Carson Pirie, Scott and Co., in Chicago.

The day's itinerary included a trip through the store and luncheon, matinee stage play "Annie Get Your Gun," and dinner at the Saddle and Sirolo club.

In the evening they attended the horse show at the International Livestock exhibit.

YOUTH FELLOWSHIP "ADOPTS" FAMILY

The Methodist Youth Fellowship this week received the name of a family which they had voted to adopt. The family, consisting of a mother, father and four children lives in the British Sector of Berlin where they came as refugees from eastern Germany. The father is a brain surgeon and at one time studied in Chicago under a grant from the Rockefeller Foundation. Two of the children have tuberculosis and a third has developed symptoms of the disease while the family itself is dangerously undernourished and without adequate clothing. The young people plan to send packages periodically under the direction of the World Friendship Chairman, June Petersen.

The Youth Fellowship will leave the church on Sunday afternoon at 3 o'clock for a Sub-district Methodist Youth Rally at the 1st Methodist Church in Waukegan. The rally will bring young people from throughout this area and will consist of recreational activities, a supper and evening worship program. Cars will be provided for the trip.

To Hold Skate Party
Cars will leave the church next Tuesday evening at 7:30 for the special Methodist Youth Fellowship skating party which starts at 8 o'clock in the skating rink at Zion. The entire rink has been taken over for the occasion which is expected to last two hours. Transportation will be provided for young people planning to attend.

Mrs. Dewey Carter and children, Larry and Linda, of Oakland, Calif., were guests of Mr. and Mrs. Nathan Beiser and son, Dickie, Wednesday.

Founder of Lions...

(Continued from page 1.)
that some twenty delegates, representing fifty clubs, met at the Hotel LaSalle in Chicago, formed the International Association of Lions Clubs and called a convention to meet at Dallas, Texas, on October 9, 11, 1917.

Thus began the real life work of Melvin Jones. He abandoned a prosperous business career to build up the first organization ever formed primarily as a service club. He was elected Secretary-Treasurer at Dallas and still holds that office. As the Association grew he gave it more of his time, and finally had to sever all connections with any other business. He has full charge of International Headquarters.

Lionism has enjoyed a growth more rapid and more sturdy than has any other service club, but it is the growth of the spirit of Lionism which has been most gratifying to Melvin Jones. He sees already, as the work of this agency which he created, chosen men of more than 6,300 communities of the United States, Australia, Bermuda, British Honduras, Canada, China, Colombia, Costa Rica, Cuba, Curacao, Ecuador, El Salvador, Guatemala, Honduras, Mexico, Nicaragua, Panama, Peru and Venezuela, serving unselfishly, without thought of material reward, teaching and practicing charity, education, patriotism, kindness, a closer brotherhood of men—living the Golden Rule.

In June, 1939, he was awarded the National Merit Order of Carlos Manuel de Cespedes by the Cuban Government, the highest award conferred by that Government to a non-citizen of Cuba.

Lieut. and Mrs. Bothe Are Home from Germany

Lieut. and Mrs. Harry W. Bothe, Jr., arrived in Antioch last week from Germany where he was stationed two years with the American occupation forces at Bremen.

Mrs. Bothe, formerly Louise Elms, daughter of Mr. and Mrs. Irving Elms of Channel lake, spent this last year with her husband.

Lieut. Bothe, whose parents reside at Kenosha is receiving his honorable discharge at Chanute Field and plans to enter college at the first opportunity. He has seen five years of service.

The past year has been a year of wonderful experience for Lieut. and Mrs. Bothe. They made side trips to Switzerland and France last summer and before coming home spent two weeks in Belgium and Holland. They were impressed with the rapidity in which Belgium and Holland have recovered from war damage.

Mr. Bothe as a security officer in the air force was stationed in a part of Germany where the lack of food was not as great as in England where there seems to be real want.

They came home on the SS Alexandria, formerly the Bremen and had a stateroom next to a Texas senator. Two hundred German war brides and children were aboard the ship, a number of them being wives of colored American troops. Many married just to get out of Germany.

Mary Ann Bolton Taken By Death

Mary Ann (May) Bolton, Poplar Ave., Fox Lake, died Friday, Nov. 28 at St. Therese hospital, Waukegan.

In 1931, Mrs. Bolton moved to Fox Lake, where she was living at the time of her death. She was a member of the Fox Lake Woman's club, the American Legion Auxiliary No. 703 and of the Altar and Rosary society of St. Bedes church.

Survivors are her husband, John K. Bolton, a daughter, Mrs. Jane Weideman, of Fox Lake, a son John M., of Round Lake, her mother, Mrs. Margaret Boyle, of Chicago, four brothers, John Boyle, of Chicago, Tom Boyle of Kenosha, Martin Boyle, of Milwaukee and Lawrence Boyle of Racine, and six sisters, Mrs. Alice Lawler, Racine; Mrs. Vern Illingsworth, Maywood; Florence Barnes, Chicago, Dorothy Diesrich, Racine, Mrs. Evelyn O'Connor, of Chicago, Mrs. Lillian Harwood of Wauwatosa, Wisconsin.

Funeral services were held Monday Dec. 1, from St. Bedes church. Fr. John Coleman, priest in charge. Burial was in Mt. Carmel cemetery.

Mary C. Dalziel Dies in Elgin

Mary C. Dalziel, 83, died Wednesday, December 3rd at 1:25 o'clock at an Elgin hospital, following a lingering illness. She was born in Grant township February 7, 1864, and had made her home in Lake Villa Township for the past 58 years.

Survivors are a daughter, Mrs. Inez Savage of Fox Lake, a son, Linn, of Lake Villa, one sister, Mrs. Martha Hucker, of Grayslake, a grandson, Paul Savage of Farnsworth, Illinois.

Funeral services will be held from the Strang Funeral home Saturday, Dec. 6. Burial will be in Grant Cemetery.

Skating Rink at Grade School Is Ready for Water

The ice skating rink which has been in final stages of preparation for the past several weeks is about ready for flooding, awaiting some hand work on the embankments only. The rink is being prepared by the school children with the able assistance of Arthur Laursen, who surveyed the ground and laid out the rink and Highway Commissioner Robert Webb, who did the grading and leveling.

Principal Whitacre said today that every effort would be made to provide a good surface for skaters all winter long and added that there is a possibility that the rink would be lighted for night skating. Whitacre has had considerable experience in building and maintaining ice rinks and it is thought that much enjoyment will be derived from the rink, both by school children and the older folks too.

Lillie E. Darby Dies in Libertyville

Lillie E. Darby passed away Sunday, Nov. 30, at Condell hospital, Libertyville, following two years of illness.

Born at Wilmet, Wisconsin, she attended the Wilmet high school and later the American Conservatory of Music in Chicago and she also attended the school of music at Northwestern University.

She moved to the west coast in 1912, where she was supervisor of music in the public schools at Klamath Falls, Oregon, where she made her home for fifteen years before moving to Antioch two years ago. She was the daughter of the late Dr. Henry C. and Annie Meade Darby, early settlers in Wilmet.

Survivors are two brothers, Raymond, of Winnetka, Earle of St. Petersburg, Fla., and two sisters, Miss Edith B. Darby, of La Grande, Ore., and Mrs. Eva Doolittle of Antioch.

Funeral services were held from the Strang Funeral Home Tuesday, Dec. 2 at 1:30 p. m. The Rev. L. H. Messersmith, pastor of the Millburn Congregational church, conducted the services. Burial was in Avon cemetery.

Gains Honorary Fraternity

Billie May Runyard, daughter of Mr. and Mrs. Alonzo R. Runyard, was this week initiated in Kappa Delta Pi, honorary national fraternity in education. Miss Runyard is a senior

at the State Teachers College in Whitewater, Wisconsin, and is also a member of Zeta Eta Theta, musical sorority, and Pi Kappa Delta, national honorary forensic fraternity.

Symbol of Maternity
In Oriental art the bat is a symbol of maternity. At one time Oriental rugs with bats in the corners were eagerly sought by barren women as a maternity charm. The value of such magic carpets is not recorded.

'King of Osages' Freed**20 Years After Trial**

LEAVENWORTH, KAS.—William K. Hale, who called him "King of the Osages" 20 years ago at the time of his conviction in the murder of a wealthy Oklahoma Indian—is a free man again.

The 72-year-old former cattleman was released on parole from the federal prison here where he first was received in November, 1926, to serve a life sentence after one of Oklahoma's most famous legal battles.

Hale, who had lived in the rugged Osage country from the time it had been open to white settlers, was the central figure in what the federal government contended was a plot to gain control of fortunes of a dozen or more rich Indians, who died under mysterious circumstances.

Report 400 Frauds In War Contracts**Indictments Issued for Many Persons and Plants.**

WASHINGTON.—Four hundred cases of war contract fraud have been reported to the department of justice. As a result, 388 persons and 31 corporations have been indicted, Secretary of War Royall revealed.

The individuals and corporations indicted paid fines totaling \$386,412 and a large number of prison sentences were imposed.

Royall also said 56 civil cases involving war department contracts have been disposed of with settlement of judgments totaling \$10,508,000.

He said some of the frauds were discovered by the war department and "a few additional ones" by the general accounting office and the department of justice.

The war department awarded 1,188,029 contracts during the war. Renegotiation and settlement has resulted in a saving of 2.1 billion dollars gross and 633 million dollars net recovery of excess profits during the last two years, Royall said.

With renegotiation 93½ per cent complete, he said, recoveries during and since the war now amount to 5.9 billion dollars gross and 2.1 billion dollars net, including 3.25 billion dollars in savings from voluntary reduction.

Royall also reported 60 government-owned plants costing \$2,301,000,000 have been set aside as standby plants for emergency use, and have been leased to private industry.

The rest of government-owned plants have been declared surplus.

Surgeon Working In Dark Saves the Life of Patient

PATERSON, N. J.—When a power failure plunged the operating room of St. Joseph's hospital into darkness, a surgeon held a patient's severed abdominal artery for 30 minutes until the hospital's emergency lighting system was put into operation.

Dr. V. W. Giudice, who was performing an appendectomy, assisted by Dr. Francis J. Brogan, had made the incision in the patient's abdomen. Just as the operating room went dark, Dr. Giudice noticed that blood was spurting from the incision. Dr. Giudice located the artery in the darkness, holding it while nurses brought flashlights and candles.

The light was still too dim to proceed with the operation. Working carefully so as not to halt the flow of blood in the patient's body entirely, the surgeon clasped the artery to prevent further loss of blood.

The surgeons successfully completed the operation after the emergency lighting system was started and the 65-year-old patient was said to have suffered no ill effects.

Dead G.I.'s Parents Greet Grave-Tending Dutch Girl

NEW YORK.—A 20-year-old Dutch girl who for a year has been tending the grave of an American soldier she never knew arrived from Holland for a three-month visit with the soldier's parents.

Gertrude (Gerry) de Faber of Kerbrade, Holland, was met at the dock at Hoboken, N. J., by her American "parents," Mr. and Mrs. Allen W. Rucker of Lexington, Mass.

"She's our little girl," said Mrs. Rucker. "She adopted our only son Allen's grave on Memorial Day, 1946, and has bicycled 18 miles every two weeks to decorate it since then. She found our address on the back of the cross and wrote us about it. We've been trying to get her to visit us since last Christmas."

Buzz Signal on Washline Hampers Home Laundry

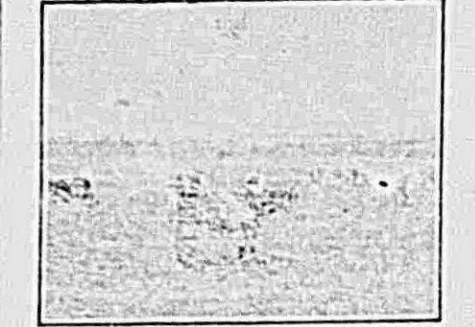

ALEXANDRIA, VA.—A witness testified in police court that because of bees "it takes my wife seven hours to do the wash."

S. H. Morgan explained: "She hangs out one piece of laundry, then has to run back into the house and wait until the coast is clear again to hang out another piece."

His testimony was in support of an action to declare bees kept by W. C. Thorne a "dangerous annoyance."

LIVESTOCK HEALTH ODDITIES**HEALTH HINTS FOR LIVESTOCK****WHEAT PASTURES MAY CAUSE CATTLE LOSSES**

A peculiar disease condition called grass tetany, "pasture staggers" or "wheat poisoning," has caused cattle

Cattle grazing on wheat pasture where heavy losses often occur from grass tetany, or "wheat poisoning."

owners heavy losses in many different sections of the country. It is especially prevalent where cattle are grazed on catch pastures of young wheat, rye or barley.

Grass tetany is caused by a de-

crease of the tiny amounts of calcium or lime and magnesium which are vitally essential in the blood of cattle.

Usually the first symptoms of grass tetany which the owner notices are grazing apart, uncertain gait, rolling eyes, quivering teeth, frothing from the mouth and, in severe cases, violent convulsions or fits. Such fits are especially severe in suckling calves. Often the disease in milk cows close to resembles milk fever—including coma and paralysis.

Almost all cattle which are sick with grass tetany can be saved if given prompt veterinary attention by injection of suitable calcium and magnesium salts directly into the neck stream. However, if treatment is delayed until terminal symptoms develop, many of the severely-affected animals may die.

Preventive measures include giving, at a night, all of well-cured hay before they are turned to lush pastures, and feeding a salt lick containing bone meal, magnesium and steel salt—beginning about two weeks before the danger season and continue during the grazing season.

Lost Paintings Found

Aboriginal paintings which have been lost for 100 years in caves in northwestern Australia recently were found by Howard Coate, of Derby. The paintings were first discovered by Sir George Grey in a cave near the Gibb river about 100 miles from Derby. Howard Coate searched for the cave for nine months using maps and bearings from notes made by Sir George. The bearings proved wrong, but by luck, Coate discovered a big cave in which he found the lost paintings. The largest figure is 19½ feet long and 5 feet high.

Prismatic Street Light

Use of prismatic glassware in street lights marks the latest stage of development in lighting control. Because of the many prisms which comprise the glass globe, light from the new fixture emanates in two broad, principal beams up and down the street or highway in sufficient width to insure uniform light distribution. The development engineers claim the new lamp will produce 40 more foot-candles of light on the pavement, thus providing greater safety and convenience to motorists and pedestrians.

Start of Chiropractic

The principles upon which the science of chiropractic is based can be traced to the earliest physicians of antiquity. They were known and practiced by Hippocrates, the father of medicine (460-370 B. C.), by Galen, (130-200 A. D.) and other noted physicians of ancient Greece and Rome. Descriptions of this method of treatment of bodily ills are to be found in the ancient manuscripts of the Egyptians, Hindus and Chinese.

California Avocados

Avocados hang on the tree more than a year to ripen. Millions of blossoms appear on each tree, but only a few hundred develop to fruit, but the average yield for each tree seldom reaches 600 pounds.

Mending Rubber Gloves

To mend a leak in a rubber glove, use the same method as to mend a leak in a rubber tube; that is, with a tire-patching outfit. The rubber patches that are included in the kit may be cut to any size.

Prevent Cheese Mold

To prevent cheese from molding after it has been cut, wrap it in a piece of cheesecloth dampened with vinegar and place it in a covered container.

Insurance Coverage

Because of the tremendous rise in replacement costs during recent years, many homes and buildings are not sufficiently covered by fire and other damage insurance.

Chinese Took Fingerprints

Fingerprints found in China were made in 200 B. C. The oldest recorded fingerprints in America were carved on the face of a cliff in Nova Scotia.

Husband Robbed Her to Aid Marshal Tito, Wife Says

WINDSOR, ONT.—Mrs. Joseph Wrdelan complained that her husband had robbed her so he could "skip off to Yugoslavia to lay handsome gifts at the feet of Marshal Tito."

Police, acting on her charge, issued a warrant for Wrdelan, but expressed belief that he already was on the way to his native Yugoslavia.

Mrs. Wrdelan accused her husband of taking \$200 she had earned in Ontario tobacco fields, plus \$3,000 from a joint bank account. She said he had announced he would give Tito everything he could get together.

Broker Shuns Plea; Plunges to Death

Jokes With Charwoman While Preparing for Leap.

CHICAGO.—A scrubwoman's plea to a wealthy insurance broker as he hung from a Loop building window failed to prevent his suicide plunge. The broker, George Grivich, 55, laughed and released his hold on the sill. He fell 11 floors to a skylight below.

The scrubwoman, Mrs. Julia Andruska, said she first saw the man while she was scrubbing the 12th floor corridor of the Insurance Exchange building. Grivich had offices on the third floor.

"He asked me if my work wasn't pretty hard," she told police. "I told him it wasn't so bad when it wasn't so hot."

The broker, she said, joked with her as he paced slowly back and forth before a window. Then he climbed up on the sill.

"Look out, you'll fall," the scrubwoman warned.

Grivich stepped back into the corridor but a few moments later was on the sill again. This time he lowered himself out the window, his hands gripping the sill.

Mrs. Andruska told police she cried, "Don't do that," and ran toward the window.

"He raised himself up a little and looked right at me," she said. "Then he laughed and let go."

In the man's pockets police found farewell notes and letters explaining business difficulties. One indicated he had misstated his income while a partner in the Morton Poster Fabric Products in 1944.

Another letter, from a lawyer, told Grivich the matter had been corrected and for him not to worry. An internal revenue report showed he made \$38,811.09 that year.

Other notes were addressed to his sisters, Berdie and Kit, and a brother, John.

Woman Found in Furnace After Attack by Robbers

CRESTON, IOWA.—A housewife of Creston was robbed of \$300 by two men who tortured her and then placed her, bound and gagged, inside an unlighted furnace where she was left unconscious.

The woman, Mrs. Fred Welcher, 56 years old, was in a hospital recovering from shock and minor injuries.

William M. Hiatt, police chief, said the two men came to the Welcher residence between 9 o'clock and midnight. Mrs. Welcher was alone.

"I told them I didn't have any money," Hiatt quoted her as saying. "Then one of them kicked me hard in the back and that's the last I remember."

Mrs. Welcher's son, Kenneth, called the police when he returned home shortly after midnight and found his mother missing.

The policemen opened the door of the furnace and found her inside. She had been shoved in feet first with her back to the furnace door.

The men had made no attempt to kindle a fire in the furnace, he said.

Geese Crash Airliner on Takeoff; Passengers Unhurt

PHILADELPHIA.—A National Airlines Skymaster with 25 passengers and crew members aboard made an emergency landing at Southwest airport after running into a flock of geese on takeoff.

Airport officials said the DC-4, piloted by Capt. Herschel Clark, encountered the geese a few seconds after leaving the field on a scheduled flight to Newark.

Clark reported at least five geese struck the big plane, one making a hole "large enough to stick your head in" in the leading edge of the wing and another striking the giant rudder.

The 22 passengers, unaware of what had happened until after they landed, were placed on later flights.

Some Worth \$57,872 Stolen From Railroad Parcel Room

SPRINGFIELD, MASS.—Jewels valued at \$57,872 were stolen from the parcel room of the Union railroad station, police reported.

The gems, including 172 platinum diamond rings and stone rings and mountings, were in two brief cases which disappeared "in an unexplained manner" from the checkroom. Lt. James L. McCarthy said.

McCarthy said the loss was reported by Seymour Freiman, of London, N. J., salesman for a New York jewelry firm.
